

CAREY & CO. INC.  
ARCHITECTURE

Since the firm was founded in 1983, Carey & Co. has become a national award-winning architectural firm. Carey & Co.'s dedication and unwavering commitment to quality has gained the firm its superior reputation. We believe that client satisfaction is foremost in the success of a project. The firm's management team is committed to meeting its client's needs on every undertaking. We work closely and sensitively with each owner/user to understand their program vision and design a quality product.

Carey & Co.'s staff of talented architects, historians, conservators and planners provide their clients architectural services for the rehabilitation and reuse of existing civic, commercial, residential and religious structures. The firm offers its clients years of combined experience in the following areas:

- *architectural services – design through construction*
- *building documentation*
- *historic evaluations*
- *historic research*
- *building conditions analysis*
- *materials conservation*
- *historic structure reports*
- *cultural and architectural resource surveys*
- *historic rehabilitation certificates and historic districts*
- *design review*
- *design guidelines*
- *incentives programs*
- *historic feasibility studies*
- *historic and cultural resource surveys for EIRs*
- *compliance with local, state and national regulations:  
State Historical Building Code, Secretary of the Interior's Standards for  
the Treatment of Historic Properties, & Americans With Disabilities Act*

Carey & Co.'s experience is quite extensive and encompasses a variety of notable preservation projects, from the rehabilitation of large civic structures to small vernacular buildings to cultural resource studies and architectural surveys. The firm has many long-term client relationships, many which have spanned more than a decade.

Carey & Co. is particularly proud of its capability to successfully undertake complex projects, coordinate multiple-consultant project teams, meet deadlines, and work within project budgets.
